

Make the questions a game

A six-page companion to the 150-question guide. Use the 20-prompt script or build your own round from the article.

01 Pick the room

Choose 10-20 prompts. Use easy, funny questions for mixed groups and skip anything the couple prefers to keep private.

02 Keep answers hidden

One partner answers about themselves while the other predicts. For memories and name-card prompts, both answer independently.

03 Reveal and score

Show answers together. Give one point for a clear match and zero for a miss. Agree beforehand that obvious synonyms can count.

04 Finish on a good note

End with a positive question. Use one unused prompt for a tie, or simply share the favorite surprise of the round.

PRINT AND PREPARE

- Page 4: the partner answer sheet. Print one copy per player.
- Page 5: the guest-guessing sheet. Print extra copies for a larger group.
- Page 6: the host scorecard for up to eight couples.
